

Global Manufacturing Support Devices - Insulated Cable Staples

Features

Our Global Manufacturing Insulated Cable Staples are viable solutions for all industries, including industrial, residential, construction, or manufacturing. These products feature polyethylene insulators coupled with a metal construction to protect cables and prevent arc faults. The perfect solution for 14/2, 12/2 non-metallic BX, MC, AC, as well as UF cable. For use with a low voltage staple gun.

Sizing and Features

Product	Product Description	Qty.
GSI	14-10 Insulated Cable Staples	1000
GSR	Large Cable Staples	100

- Plastic insulator reduces risk of cutting through a wire
- Easy to install in tight spaces
