

# Global Manufacturing- Ground Rod Clamp

## Features

Our Global Manufacturing Ground Rod Clamp offers a hex-shaped dead bolt compatible with Solid Wire. This ground rod clamp is cast from high-strength, corrosion-resistant copper alloy. A simplified, compact design makes for a long-lasting, trouble-free connection. Available in 1/2", 3/4", 5/8", and 1".

## Sizing and Features

Product	Size	Product Description	Box Qty.	Outer Diameter	
				A	B
GRC12	1/2"	Ground Rod Clamp	50	1.22	.75
GRC34	3/4"	Ground Rod Clamp	50	1.47	1
GRC58	5/8"	Ground Rod Clamp	25	1.41	.90
GRC10	1"	Ground Rod Clamp	50	1.65	1.25

- Approved for direct burial in ground and concrete
- Corrosion resistant bronze construction
- Securely connects a grounding conductor to a drive
- Bronze with Stainless Steel Screw
- Wire Size Min. 10 SOL
- Wire Size Max. 2 STR
